# PROGRAM OUTCOMES

- Participants, teachers, and parents are eager for programming
- Students show a new attitude towards cycling and safety
- Students show greater skill and ability
- Students show greater tool literacy and a DIY attitude
- Community partnerships have led to program sustainability

A decorative graphic at the bottom of the slide consists of several overlapping, semi-transparent triangles in shades of lime green and teal, creating a stylized landscape or mountain range effect.

# 2014 & BEYOND

- Increase capacity to offer programs county-wide
- Develop a on-road course for high school students
- Exploring fee-for-service arrangements to support additional programming
- Development of best-practices report in final funding year (2015)
- Focus on local and provincial partnership building to increase programming sustainability

A stylized landscape graphic at the bottom of the slide consists of overlapping, low-poly mountain shapes in various shades of yellow, green, and teal, creating a sense of depth and movement.
